Contents

Volume 33 Number 1 January 1999

1 In this issue . . .

Editorials

- 2 Mentoring: an invisible support network 7 Bligh
- 4 Writing about curriculum change: beyond the local and particular D Prideaux

Commentary

6 Reforming higher specialist training: a view from paediatrics in the United States S J Slavin

Research papers

- 8 The use of the nominal group technique as an evaluative tool in medical undergraduate education *G Lloyd-Jones*, *S Fowell & J G Bligh*
- 14 Pedagogical methods and affect tolerance in medical students U Holm & K Aspegren
- 19 Structured teaching methods enhance skill acquisition but not problem-solving abilities: an evaluation of the 'silent run-through' D Murdoch Eaton & D Cottrell
- 24 Rape attitudes amongst British medical students L Williams, G Forster & J Petrak

Special article

28 Reforming higher specialist training in the United Kingdon – a step along the continuum of medical education K C Calman, J G Temple, R Naysmith, R G Cairncross & S J Bennett

Teaching methods

34 An evaluation of the Team Objective Structured Clinical Examination (TOSCE) A J Singleton, F Smith, T Harris, R Ross-Harper & S Hilton

Information technology

- 42 Mr Lewis on the Web how to convert learning resources for Intranet technology M Dugas, M M Batschkus & H C Lyon
- 47 A computer simulation designed for problembased learning A Rendas, R Pinto & T Gamboa

Primary care

- 55 Community-oriented medical education in Glasgow: developing a community diagnosis exercise H Davison, S Capewell, J Macnaughton, S Murray, P Hanlon & J McEwen
- 63 Letters to the Editor

- 66 Uniform requirements for manuscripts submitted to biomedical journals
- 79 ASME announcements

Volume 33 Number 2 February 1999

81 In this issue . . .

Editorials

- 82 Curriculum design revisited J Bligh
- 86 Clinical logbooks: recording clinical experiences may not be enough B Jolly

88 Announcement

Research papers

- 89 Does a student log provide a means to better structure clinical education? D Dolmans, A Schmidt, J van der Beek, M Beintema & W J Gerver
- 95 The development of a questionnaire to assess the readiness of health care students for interprofessional learning (RIPLS) G Parsell & J Bligh
- 101 Gender differences in medical graduates' assessment of their personal attributes GB Clack & JO Head
- 106 Problem-based learning versus lecture-based learning in a course of basic pharmacology: a controlled, randomized study W Antepohl & S Herzig

Clinical skills

114 One year's experience with a clinical skills resource centre P Bradley & J Bligh

Curriculum design

121 The core content of the undergraduate curriculum in Manchester PA O'Neill, D Metcalfe & TJ David

Primary care

130 The United Medical and Dental School of Guy's and St Thomas' Hospitals' MSc in general practice: graduate's perspectives G Calvert & N Britten

Information technology

136 Computer-aided learning: an overvalued educational resource? P Devitt & E Palmer

International medical education

140 The difference between Japan and other countries, in particular the United Kingdom, in views regarding the teaching of geriatrics to

- undergraduate medical students T Matsuse, T Ozawa, H Orimo, Y Fukuchi, Y Ouchi & M Iriki
- 145 Education as a means of reducing medical expenses Y Tajima, Z Nagasawa, I Tanabe, K Kusaba & J Tadano

Conference report

- 154 AAMC Annual Meeting, New Orleans, November 1998 KV Mann
- 156 Book review
- 159 ASME announcement

Volume 33 Number 3 March 1999

161 In this issue . . .

Editorials

- 162 Research in medical education: finding its place \$\mathcal{J}\$ Bligh & G Parsell
- 163 Clinical governance implications for medical education J Morrison & G Buckley

Research papers

- 165 Experiences of volunteer patients during undergraduate examinations; printed information can lead to greater satisfaction M R Welfare, C I M Price, S W Han & J R Barton
- 170 A comparison of the educational opportunities on junior medical attachments in general practice and in a teaching hospital: a questionnaire survey E Murray, B Jolly & M Modell
- 177 Cultural sensitivity training among foreign medical graduates B Majumdar, J S Keystone & L A Cuttress

Clinical skills

185 The clinical skills resource: a review of current practice C du Boulay & C Medway

Assessment

192 Counting apples with oranges: a limitation of the discrimination index M Hobsley

Primary care

197 Assessment in general practice: the predictive value of written-knowledge tests and a multiplestation examination for actual medical performance in daily practice P Ram, C van der Vleuten, J-J Rethans, B Schouten, S Hobma & R Grol

Special article

204 Core curriculum in psychiatry for medical students H Walton & M Gelder

Short report

- 212 Peer-reviewed publication following presentation at a regional surgical meeting D J Bowrey, G J Morris-Stiff, G W B Clark, P D Carey & R E Mansel
- 215 ASME announcements
- 216 Members abstracts, ASME Annual Scientific Meeting 1998

Volume 33 Number 4 April 1999

233 In this issue . . .

Editorial

234 Learning by example J Bligh

Research papers

- 236 Motivation for medical school: the relationship to gender and specialty preferences in a nationwide sample P Vaglum, J Wiers-Jenssen & Ø Ekeberg
- 243 A prospective analysis of stress and academic performance in the first two years of medical school S M Stewart, T H Lam, C L Betson, C M Wong & A M P Wong
- 251 Factors associated with success or failure in radiological interpretation: diagnostic thinking approaches C Peterson

Teaching methods

260 The development and evaluation of a personal learning log for Senior House Officers D R Kelly & T S Murray

Assessment

- 267 The effect of a 'don't know' option on test scores: number-right and formula scoring compared A M M Muijtjens, H van Mameren, R J I Hoogenboom, J L H Evers & C P M van der Vleuten
- 276 Evaluating assessment: the missing link? S. L. Fowell, L. J. Southgate & J. G. Bligh

Review article

282 Approaches to experimental learning, course delivery and validation in medicine. A background document F Stanton & J Grant

Information technology

298 Development and integration of CAL: a case study in medicine N M Hamilton, J Furnace, K P Duguid, P J Helms & J G Simpson

Conference report

306 ASME/NACT Meeting, 4 December 1998 Making career choices – based on evidence G Buckley

Book reviews

- 308 Pocket Clinical Examination N J Talley
- 309 Science and the Quiet Art D Weatherall
- 310 ASME news

Volume 33 Number 5 May 1999

311 In this issue . . .

In memoriam

312 George E Miller C McGuire

Editorial

315 Is it time for a community-based medical school in the UK? J Bligh

Commentary

316 Careers in academic medicine: can they survive structured specialist training? D F Wood

Research papers

- 318 Junior doctors' views about careers in academic medicine M Goldacre, S Stear, R Richards, E Sidebottom
- 327 Attitudes to recertification measured over time using a validated semantic differential scale J M Tracey, B Arroll & D E Richmond
- 334 Variation in medical students' approaches to diagnosis: a basis for initiating conceptual change among teachers and students S Lindblom-Ylänne & J H F Meyer
- 342 Gender comparisons of medical students' psychosocial profiles M Hojat, K Glaser, G Xu, J J Veloshi & E B Christian

Special article

350 Service Increment for Teaching (SIFT): a review of its origins, development and current role in supporting undergraduate medical education in England and Wales G B Clack, G Bevan & A L W F Eddleston

Problem-based learning

359 The relation between understanding and practice in problem-based medical education D B Margetson

Information technology

365 The WISDOM project: training primary care professionals in informatics in a collaborative 'virtual classroom' N J Fox, E A Dolman, P Lane, A J O-Rourke & C Roberts

Primary care

- 371 Does formal approval of educational courses guarantee quality? F Nicol & W M Patterson
- 374 Use of learning contracts in an office-based primary care clerkship M McGrae McDermont, R H Curry, F C Stille & G J Martin
- 382 Establishing community-oriented medical schools: key issues and steps in early planning B Hamad
- 390 Medication discussion groups in the Netherlands: five years of experience GAL Kochen
- 394 Letters to the Editor
- 395 Announcement
- 396 ASME announcements

Volume 33 Number 6 June 1999

397 In this issue . . .

Editorials

- 398 Persistent attenders and heartsink J Bligh
- 399 Medical school selection fair or unfair? D F Wood

Commentary

402 Improving senior house officer experience

Hayden

Research papers

- 404 Teaching support in the behavioural sciences for non-English speaking background medical undergraduates A Chur-Hansen
- 411 The effect of problem-based learning on the academic performance of students studying podiatric medicine in Ontario *P M Finch*

Postgraduate training

- 418 Education and training in the senior house officer grade: results from a cohort study of United Kingdom medical graduates L Cooke & S Hurlock
- 424 Make induction day more effective add a few problems H E Mitchell & J M Laidlaw

Primary care

- 429 Clinical experience of medical students in primary care: use of an electronic log in monitoring experience and in guiding education in the Cambridge Community Based Clinical Course T St J Alderson & N T A Oswald
- 434 Psychiatric training for family doctors: what do GP registrars want and can a brief course provide this? J Ratcliffe, L Gask, F Creed & B Lewis

Assessment

- 439 The performance of foreign medical graduates on the National Board of Medical Examiners (NBME) standardized patient examination prototype: a collaborative study of the NBME and the educational Commission for Foreign Medical Graduates (ECFMG)

 M Friedman Ben-David, D J Klass, J Boulet, A De Champlain, A M King, H S Pohl

 & N E Gary
- 447 Assessment of general practitioners by video observation of communicative and medical performance in daily practice: issues of validity, reliability and feasibility P Ram, R Grol, J J Rethans, B Schouten, C van der Vleuten & A Kester

Student selection

455 Selecting medical students: a case report of the need for change J Marley & I Carman

International medical education

460 Visiting elective students at the University of Toronto from the Korea University Medical College D Ahn

Short report

- 466 Attitudes of medical faculty physicians about taking occupational history A H Çimrin, C Sevinc, I Kundak, H Ellidokuz & O Itil
- 468 Face to face Graham Buckley Letters to the Editor
- 470 Research in medical education N Oswald
- 470 The core content of the undergraduate curriculum in Manchester H Mandin & W Woloschuk
- 472 The core content of the undergraduate curriculum in Manchester author's reply P A O'Neill
- 473 Training medical students about HIV/AIDS A S M Abdullah, R Fielding, A J Hedley & S Ma
- 474 ASME announcements

Volume 33 Number 7 July 1999

475 In this issue . . .

Editorial

476 An honours degree in medicine: what does it mean? S. L. Fowell

Commentary

478 Portfolios – attempting to measure the unmeasurable? D Snadden

Research papers

- 480 Teaching clinical reasoning a preliminary controlled study A P Round
- 484 Continuing education courses in dentistry: assessing impact on practice A D Bullock, C R Belfield, S Butterfield, P M Ribbins & J W Frame
- 489 Are professional attitudes related to gender and medical specialty? V Batenburg, J A Smal, A Lodder & R A de Melker

Special article

493 Accreditation of postgraduate medical education in the United States and Canada: a comparison of two systems J M Cassie, J S Armbruster, M I Bowmer & D C Leach

Assessment

499 Gender, sequence of cases and day effects on clinical skills assessment with standardized patients R Gispert, M Rué, J Roma & J M Martinez-Carretero

Teaching methods

- 504 A Delphi technique to identify and evaluate criteria for construction of PBL problems J E Des Marchais
- 509 Can medical students contribute to quality assurance programmes in day surgery?

 G E Rudkin, M C E O'Driscoll & R Limb

Primary care

- 515 Educational portfolios in the assessment of general practice trainers: reliability of assessors J Pitts, C Coles & P Thomas
- 521 Portfolios in continuing medical education effective and efficient? N J Mathers, M C Challis, A C Howe & N J Field
- 531 Single-handed practices their contribution to an undergraduate teaching network in the first year of the new curriculum A M Wylie, A Stephenson, J Copperman, R Wingfield, M Turner & C Steward

Information technology

- 537 Why? What? and How? IT provision for medical students in general practice N A Hagdrup, M Edwards, Y H Carter, M Falshaw, R W Gray & M G Sheldon
- 542 Face to face Charles Boelen Book reviews
- 544 Integrated Teams in Primary Care G Elwyn & J Smail
- 545 Managing mental health problems: a practical guide for primary care N Kates & M Craven
- 546 Paediatrics and Child Health M Rudolf & M Levene
- 547 Epidemiology kept simple: an introduction to classic and modern epidemiology B B Gerstman
- 550 Books received
- 551 ASME announcements

Volume 33 Number 8 August 1999

553 In this issue . . .

Editorial

554 Ottawa in Africa 2000 J Bligh

Commentaries

- 555 Is valuing ethnic diversity enough? Should we expect ethnically and culturally safe practice? D Prideaux
- 557 Does it matter where you go to medical school?

 R Reznick
- 558 Announcement

Research papers

- 559 Teaching medical students alcohol intervention skills: results of a controlled trial R A Walsh, R W Sanson-Fisher, A Low & A M Roche
- 566 Does awarding a medical degree with honours act as a motivator or demotivator to student learning? P A O'Neill, C-M Baxter & J Morris
- 572 Standardized patients in the early acquisition of clinical skills R C McGraw & H M O'Connor
- 579 Structured packs for independent learning: a comparison of learning outcome and acceptability with conventional teaching HJ Graham, MA Seabrook & SJ Woodfield

Teaching methods

585 Health promotion projects: skill and attitude learning for medical students K V Jones & B H-H Hsu-Hage

Clinical skills

- 592 A simple eye model to objectively assess ophthalmascopic skills of medical students P Bradley
- 596 Undergraduate surgical teaching utilizing telemedicine Y Gul
- 600 Can medical schools rely on clerkships to train students in basic clinical skills? R Remmen, A Derese, A Scherpbier, J Denekens, I Hermann, C van der Vleuten, P Van Royen & L Bossaert

Primary care

- 606 Attitudes towards community medicine: a comparison of students from traditional and community-oriented medical schools I E Rolfe, S-A Pearson, E G Cleary & C Gannon
- 611 Announcement
- 612 Analysis by training status of performance in the certification examination for Australian family doctors N A Spike & R B Hays

Discussion paper

- 616 Learning to value ethnic diversity what, why and how? J Kai, J Spencer, M Wilkes & P Gill
- 624 Face to face John Biggs Book reviews
- 626 The GP Training Handbook, 3rd edition
- 627 Community Based Medical Education: towards a shared agenda for learning N Boaden & J Bligh

Letters to the Editor

- 628 Innovations in teaching anatomy B Isaac, G Chandi & R Baidya
- 629 Communication skills: how do we teach them to medical students? J Kliszez, B Trzeciak & M Hebanowski
- 630 ASME announcements

Volume 33 Number 9 September 1999

631 In this issue . . .

Editorial

632 Multiprofessional working: learning from experience J Bligh & G Parsell

Commentaries

- 634 Patients in medical education: from passive participants to active partners G Wykurz
- 637 Teacher development in hospital medicine and dentistry D H Hargreaves

Research papers

- 639 Objectives for the undergraduate teaching of psychiatry: survey of doctors and students D Goerg, C de Saussure & 7 Guimón
- 648 Do morning report format changes affect educational content? D M D'Alessandro & F Qian

Review article

655 Teaching clinically experienced physicians communication skills. A review of evaluation studies R L Hulsman, W J G Ros, J A M Winnubst & J M Bensing

The patient in medical education

- 669 Medical students in ENT outpatient clinics: appointment times, patient satisfaction and student satisfaction D Hajioff & M A Birchall
- 674 Patients teach students: partners in arthritis education G D Hendry, L Schrieber & D Bryce
- 678 Patient-centred consultations: a comparison of student experience and understanding in two clinical environments J E Thistlethwaite & J J Jordan
- 686 Students conducting consultations in general practice and the acceptability to patients J Bentham, J Burke, J Clark, C Svoboda, G Vallance & M Yeow
- 688 Patients as teachers: a qualitative study of patients' views on their role in a community-based undergraduate project R Stacy & J Spencer
- 695 Parents-as-teachers: design and establishment of a training programme for paediatric residents P A Blasco, H Kohen & C Shapland

Work in progress

702 Adolescent girls as simulators of medical illness K Blake & S Greaven

Occasional essay

- 704 Modern medicine and the pursuit of cure M Edwards
- 707 Face to face Karen Mann
- 709 ASME announcements

Volume 33 Number 10 October 1999

Editorial

- 711 Medical education in South Africa J Bligh
 Commentary
- 713 Medical education challenges in South Africa D Ncayiyana

Focus on South Africa

- 716 The current status and future needs of education and training in Family Medicine and Primary Care in South Africa P J T de Villiers & M R de Villiers
- 722 Medical education in the community the UNITRA experience I Nazareth & K Mfenyana
- 725 Community-based training in Family Medicine a different paradigm B Mash & M de Villiers
- 730 Practical skills and valued community outcomes: the next step to community-based education R L Williams, S J Reid, C Myeni, L Pitt & G Solarsh
- 738 Evaluating problem-based learning in a multilingual student population C Connolly & M Seneque
- 745 An audit of clinical teaching in paediatric surgery to interns and surgical registrars G P Hadley
- 749 A home visit programme to teach medical students about children with special needs L D Henley
- 753 Impact of training on PBL facilitators PJ Olmesdahl & D M Manning
- 756 Letter from a junior doctor B K F Mohlala Information technology
- 757 Use of student-centred, computer-mediated communication to enhance the medical school curriculum M W Platt, W Anderson & S S Obenshain
- 762 Medical Informatics education in paediatric residency training J R Roberts & S A Spooner

Country report

768 Medical education in China for the 21st century T Gao, K Shiwaku, T Fukushima, A Isobe & Y Yamane

Short reports

774 The teaching of immediate cardiac and trauma care to general practitioners in a skills-based outreach format: an assessment in terms of information gain A W Murphy, G Bury, J Dowling & C Lynch

- 777 The impact of guidelines and different dissemination strategies on GPs' knowledge of magnetic resonance imaging M R Robling, P Kinnersley, H Houston, M D Hourihan, D R Cohen & J Hale
- 780 An international course for faculty development in family medicine: the Slovenian model I Švab, Y Yaphe, J Correia de Sousa & G Passerini
- 782 Face to face M Brownell Anderson Conference report
- 784 Report and comment on 'Clinical Governance: the Educational Agenda' 12 March 1999, Society of Chemical Industry, London G Buckley

Letters to the Editor

- 786 No carrot, no stick, no project lessons learnt from a postgraduate group research project H Winpenny
- 786 Waiving fees does not improve academic performance M Prka, D Pulanic, E Glavaš & M Marušic
- 787 When are medical school libraries open? A postal survey of the opening times of medical school libraries in the United Kingdom F Cooke
- 788 ASME announcements

Volume 33 Number 11 November 1999

789 In this issue . . .

Editorial

790 Educational needs after completion of vocational training in general practice J M Morrison & J Spencer

Commentaries

- 792 Setting standards for tomorrow's doctors B Jolly
- 794 Primary care education in the United States trends and prospects E Kachur
- 797 Managed care and graduate medical education in the United States S R Simon & G T Moore
- 799 Research and development in community-based teaching: where next? E Murray

Research papers

801 A lesson from the introduction of a problembased, graduate entry course: the effects of different views of self-direction *B Miflin*, *C B Campbell & D A Price*

- 808 The impact of student-generated learning issues on individual study time and academic achievement M M van den Hurk, I H A P Wolfhagen, D H J M Dolmans & C P M van der Vleuten
- 815 Assessing the ability of medical students to apply evidence in practice: the potential of the OSCE P Bradley & G Humphris
- 818 Assessment of student performance in problembased learning tutorial sessions R Valle, I Petra, A Martinez-González, J A Rojas-Ramirez, S Morales-Lopez & B Piña-Garza

Assessment

- 823 Brief problem-solving questions in medical school examinations: is it necessary for students to explain their answers? P. L. Schwartz & E. G. Loten
- 828 Students' attitudes towards computer testing in a basic science course R W Ogilvie, T C Trusk & A V Blue
- 832 Reliability and credibility of an Angoff setting procedure in progress testing using recent graduates as judges B H Verhoeven,
 A F W Van der Steeg, A J J A Scherpbier,
 A M M Muijtjens, G M Verwijnen
 & C P M van der Vleuten

Primary care

- 838 Extending community involvement in the medical curriculum: lessons from a case study M A Seabrook, H Lempp & S J Woodfield
- 846 Measuring instructional quality in communityoriented medical education: looking into the black box J A Shipengrover & P A James

US perspective

- 854 A managed care curriculum: developing a managed care curriculum for primary care residents R J Zoorob & M Sidani
- 860 Face to face David Prideaux Call for papers
- 862 'Really good stuff': new ideas in medical education

 Letters to the Editor
- 863 Psychiatric training for family doctors: what do GP registrars want and can a brief course provide this? Medical Education 1999;33:434–438 P D Connor & J S Manning
- 864 Selecting medical students in Colombia M-7 Gutierrez, C Cuervo & D Rosselli
- 865 ASME announcements

Volume 33 Number 12 December 1999

867 In this issue . . .

Editorial

868 From the Editor J Bligh

Commentaries

- 870 Clinical governance: the ethical challenge to medical education A Campbell
- 872 Fit for the future are medical schools going to produce the doctors the Health Service needs? D Pereira Gray

Millennium forecasts

- 874 An illustrated guide for the young non-clinically qualified millennialist medical educator (NOCQUAMÉ) B Jolly
- 876 Three shots in the dark J Morrison
- 877 More of the same, only different J Spencer
- 879 Medical school for sale M Wilkes
- 880 The hitch-hiker's guide to medical education D Wood

Research papers

- 882 Career choices at the end of the pre-registration year of doctors who qualified in the United Kingdom in 1996 M J Goldacre, J M Davidson & T W Lambert
- 890 Evidence-based education: development of an instrument to critically appraise reports of educational interventions J M Morrison, F Sullivan, E Murray & B Jolly
- 894 A qualitative study of pre-registration house officers in general practice J Illing, G Taylor & T van Zwanenberg

- 901 Profiles of effective tutors in problem-based learning: scaffolding student learning W S de Grave, D H J M Dolmans & C P M van der Vleuten
- 907 Audit encourages an evidence-based approach to medical practice J R Wainwright, F M Sullivan, J M Morrison, R J MacNaughton & A McConnachie

Christmas specials

- 915 'Hello, my name is Gabriel, I am the house officer, may I examine you?' or The Objective Santa Christmas Examination (OSCE) D F Wood, T Roberts, P Bradley, D Lloyd & P O'Neill
- 920 Seasonal quiz

US perspective

- 921 Differences in curriculum emphasis in US undergraduate and generalist residency education programmes E H Osborn, C Lancaster, J P Bellack, E O'Neil & D R Graber
- 926 Face to face Charles George Letters to the Editor
